

Where are we located?

Palasë Beach

Green Coast 1

G8

Green Coast 2

Green Coast is considered one of the most preferred destinations on the extraordinary Albanian Riviera. It boasts an excellent location with beautiful natural and historical sites to visit. There are sea view apartments, and many also provide mountain views. Notably, the architecture is characterized by its commitment to using high- quality materials, including travertine, wood, weathering steel and local stone, enhancing the overall aura.

G8 PLOT

What is offered?

Underground Parking

Designed to encompass all the essentials for a **comfortable living**, green coast stands as a prominent symbol of modernity, dynamism and relaxation. The architectural design of the project harmoniously integrates with the surroundings, aligning itself with the natural texture of the rocky terrain where it is situated. The color palette has been carefully chosen to resonate with **Mediterranean Architecture**, and the expansive facades seamlessly blend interior and exterior spaces to function as one cohesive unit. Notably, the project includes the **first Blue Flag Beach** in Albania, further enhancing its appeal.
